

LAWSON SPORTS BOOSTERS

Welcome Parents,

On behalf of the Lawson Sports Boosters, we would like to welcome you to another year of exciting Lawson athletics! The Lawson Sports Boosters is a parent organization that supports Lawson's after school athletics programs as well as establishing intramural sports or other athletic events that benefit all students at Lawson. The program allows any Lawson student to experience interschool competition, team play and sportsmanship in a variety of ways.

The Boosters organization supports Lawson Athletics by raising funds to supplement the district budget for school athletics. This revenue is raised through memberships, donations and fundraisers. We are able to provide supplemental funding to purchase needed sports equipment, provide scholarships to athletes and provide volunteer support. Your yearly contributions are the main source of funding for these key areas. We strongly encourage Lawson Families to join the Boosters to help us provide for the many needs of our sport teams and sport programs as they compete throughout the school year.

Thank you,
Lawson Sports Boosters
